I INTRODUCTION

I.I Overview

The Arizona Department of Transportation, in cooperation with the city of Peoria, the Maricopa Association of Governments (MAG), and Maricopa County, is evaluating improvements to El Mirage Road to meet current and projected traffic needs and improve regional connectivity to Loop 303. Potential improvements include:

- » Extending El Mirage Road about two miles, between Loop 303 and Jomax Road.
- » Constructing structural crossings over McMicken Wash and the Beardsley Canal.
- » Adding intersection treatments on El Mirage Road at Happy Valley and Jomax roads.

This project includes preparing a Design Concept Report (DCR) and Environmental Assessment (EA) in compliance with the National Environmental Policy Act (NEPA). As shown in Figure 1, the half-mile study area stretches from Loop 303 on the south to about one-third of a mile north of Jomax Road. Most of the study area is in Maricopa County, although the top portion is within the city of Peoria.

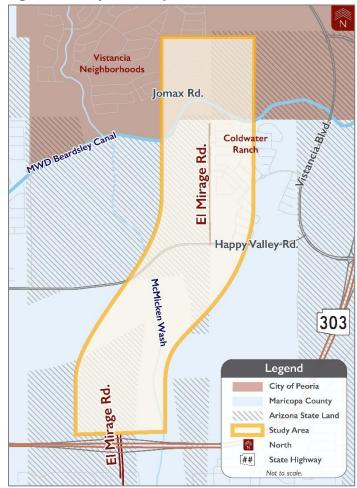

Figure 1: Study Area Map

2 IN-PERSON PUBLIC MEETING

ADOT and the city of Peoria hosted an in-person, open-house-style meeting from 5 to 7:30 p.m. on Wednesday, Feb. 26, 2025, at Lake Pleasant Elementary School, 31501 N. Westland Road, Peoria, AZ 85383. The purpose of the meeting was to share general information—including project background, the project timeline, and next steps—and provide the public with the opportunity to:

- » Review the design concepts for the initial and ultimate configurations of El Mirage Road between Loop 303 and Jomax Road.
- » Ask questions of and share input with the project team and local governmental representatives.
- » Complete a survey seeking input about the potential project; if or how the public would interact with it; and the design concepts for the initial and ultimate configurations.

ADOT also shared information about the affected environments being analyzed by the NEPA EA and the overall NEPA process.

Ninety-three people signed in at the meeting. Personnel from ADOT, the city of Peoria, the city of Surprise, the Maricopa County Department of Transportation, and project team consultants also attended, as did Peoria Councilmember Matt Bullock, who represents the Mesquite District where the study area is located.

Figure 2: Members of the public provide input at the roll plots.

2.1 Public Meeting Notification

The public meeting was advertised in multiple ways, beginning on Feb. 5, 2025, and continuing through the meeting date. Information was provided in English based on Limited English Proficiency (LEP) data and the findings of the four-factor analysis. ADOT's standard nondiscrimination language was included on all notifications where applicable in English and Spanish. The project team was prepared to accommodate non-English language requests as well as requests for accommodations because of a disability. No such requests were made.

2.1.1 Project Website

The project website at https://www.elmirageroadextension.com/ went live on Sept. I, 2024, and serves as the hub for project information. The day, date, time, and location of the public meeting—as well as information about the meeting format and comment period—was added to the Public Meeting & Hearings tab on Feb. 5, 2025. The following meeting materials were uploaded to the Resources tab of the website in advance of the public meeting to accommodate those who did not attend in person:

- » Presentation Video.
- » Roll Plot El Mirage Road from Loop 303 to Happy Valley Road.
- » Roll Plot El Mirage Road from Happy Valley Road to Jomax Road.
- » Presentation Boards.
- » Meeting Flier.
- » Online Survey (with a note that surveys must be completed before the comment period ended on March 28, 2025).

In response to feedback received at the meeting, a graphic of the Conceptual Roadway Corridor Alignment was added to the Resources tab of the website on March 4, 2025.

Appendix A provides copies of the public meeting materials posted to the website.

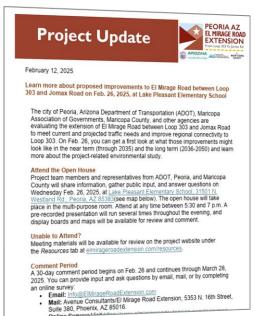

Figure 3: Meeting participants provide feedback.

2.1.2 Email Alerts

The project team created and maintains a database of key stakeholders and members of the public who

Figure 4: Branded Email Alert Template

subscribe to receive project updates by email. As of Feb. 26, 2025, the database included email addresses for 851 subscribers and 59 stakeholders representing study-area homeowners' associations, first-responders, clubs/organizations/community groups, schools, places of worship, senior centers, businesses, development groups, the cities of Peoria and Surprise, the Maricopa County Department of Transportation, the Flood Control District of Maricopa County, and ADOT.

The project team has also created a project-branded email alert template featuring the project logo, color palette, and font designated by the project's brand standards. This template is consistently used to share project updates and information by email (see Figure 4). This email template includes ADOT's standard nondiscrimination language (in English and Spanish), ADOT's NEPA Assignment Disclosure Language; and the federal and ADOT project numbers.

Email alerts about the public meeting were sent to all email addresses in the database on Feb. 5, 2025; Feb. 12, 2025; and Feb. 24, 2025. In addition, Councilmember Bullock included information about the public meeting in his weekly email alert to the Mesquite District on Feb. 19, 2025.

Appendix B provides copies of Project Update emails sent to stakeholders in the database by the project team, and the email that Councilmember Bullock sent to the subscribers in the Mesquite District.

2.1.3 Press Release

The city of Peoria sent a press release about the public meeting to its statewide news media database on Feb. 12, 2025, and included the press release in the <u>Newsroom section</u> of its website with links to the project website, project email address, and online survey.

Appendix C provides a copy of the press release and a screen shot of city's website where it is posted.

2.1.4 Newspaper Ads

Two, four-color newspaper ads ran in publications that serve the study area. The first ad, measuring 4.79 inches by 8.85 inches, ran on Feb. 5, 2025, in the *Sun City Independent*. The second ad, a half-page in size, ran on Feb. 6, 2025, in the *Peoria Times*. Both newspaper ads featured the project logo, and provided general information about the project; the day, date, time, location, and purpose of the public meeting; the meeting format; information about the comment period and ways to provide input before the close of the comment period; the project website; ADOT's standard nondiscrimination language (in English and Spanish); ADOT's NEPA Assignment Disclosure Language; and the federal and ADOT project numbers. Both ads also stated that meeting materials were available on the project website for those who could not attend.

Appendix D provides copies of both ads.

2.1.5 Direct Mailer

An 8.5-inch-by-II-inch, two-sided direct mailer was delivered to 6,800 addresses within two miles of the study area and in adjacent neighborhoods outside the study area during the week of Feb. 10-14, 2025, via Every Door Direct Mail (EDDM). The mailer featured the project logo, a map of the study area, and a map of the meeting location, and provided general information about the project; the day, date, time, location, and purpose of the public meeting; the meeting format; information about the comment period and ways to provide input before it closed; the project website; ADOT's standard nondiscrimination language (in English and Spanish); ADOT's NEPA Assignment Disclosure Language; and the federal and ADOT project numbers. The mailer stated that meeting materials were available on the project website for those who could not attend.

Appendix E provides a copy of the EDDM mailer.

2.1.6 Pulse on Peoria Newsletter

The city of Peoria shared information about the public meeting, including a link to the project website, in its *Pulse on Peoria* newsletter during the weeks of Feb. 17-21 and Feb. 24-28, 2025. The city's Office of Communications distributes the weekly newsletter electronically to residents and shares it on its social media platforms including Instagram, Facebook, YouTube, and X.

Appendix F provides excerpts from the *Pulse on Peoria* newsletters (specifically, the pages that provided information about the public meeting).

3 PUBLIC MEETING

Ninety-three people signed in at the public meeting on Wednesday, Feb. 26, 2025, at Lake Pleasant Elementary School, 31501 N. Westland Road, Peoria, AZ 85383. The public was encouraged to attend at any time between 5 and 7:30 p.m. to review the design concepts for the initial and ultimate configurations of El Mirage Road between Loop 303 and Jomax Road; speak to project team members and local government representatives, and complete a survey about the project. Meeting materials were uploaded to the website before the meeting began so the public could view them in advance and/or to accommodate those who did not attend in person.

The open-house style meeting allowed members of the public to participate as their schedules allowed and speak directly with subject-matter experts about the roadway corridor alignment, intersections, structural crossings, pedestrian and bicycle features, and other project elements. Representatives from ADOT, the city of Peoria, the Maricopa County Department of Transportation, and project team consultants from Burgess and Niple, Jacobs, and Avenue Consultants were on hand to assist meeting attendees, provide information, gather input, and answer questions at various "stations" setup in the meeting room (see Table I). Representatives from ADOT's Environmental Group and Aztec Engineering provided information and answer questions about the NEPA EA being completed, the affected environments the EA is analyzing, and the NEPA process.

In lieu of providing one presentation at a set time, the project team developed a 10-minute video with information about the project purpose, timeline, background, EA and DCR, preliminary roadway corridor alignment and features, initial and ultimate design concepts, structural crossings, and ways to remain involved. The video ran continuously throughout the evening in an area set up behind an audio screen, which provided a quieter viewing and listening environment. Meeting attendees could watch the video at any time during the meeting. The video is available under the Resources tab of the project website.

El Mirage Road: Loop 303 to Jomax Road Public Meeting Summary Report

Table I: Open-House-Style Meeting Stations

NO.	STATION	PURPOSE
		Allow participants to sign in, receive a meeting flyer, review ADOT's
1	Sign-in and Welcome	Civil Rights and Title VI information, and complete ADOT's voluntary
		Self-Identification Survey.
	About the Project	Share general project information including participating agencies, the
2		project purpose, a study area map, a timeline, and how to stay informed
		and involved.
	Roadway Corridor I	Display and explain the roll plots, answer questions about the
3		conceptual roadway corridor alignment and intersection treatments, and
		invite participants to add their comments directly on the roll plots.
	Roadway Corridor 2	Provide images of and information about the conceptual crossings over
4		the Beardsley Canal and McMicken Wash, answer questions, and listen
		to feedback.
5	Roadway Corridor 3	Provide renderings of and information about the cross sections of the
,		conceptual 4-lane initial and 6-lane ultimate configurations.
	Other Projects	Share maps that provide information about and the locations of
6		transportation and development projects in the city of Peoria and
		northwestern Maricopa County.
	Presentation Viewing	Allow participants to gather in a separated quiet area to watch a 10-
		minute video presentation about the project with information about the
7		project history, the DCR and EA process, the prior MAG feasibility
'		study, the design concepts (alignment, structural crossings, intersections,
		and roadway corridor features), next steps in the process, and how to
		stay informed and involved.
8	Survoy	Enable participants to complete a hard copy version of the survey, which
0	Survey	was also available on the project website.

Figure 4: Watching the Informational Video at the Public Meeting

4 PUBLIC COMMENTS & SURVEY RESULTS

This section summarizes the comments received during the comment period, which closed on March 28, 2025. The public could submit comments by USPS mail, the project email address, on the roll plots at the public meeting, and through a survey, which was available online beginning Feb. 12, 2025, and via hard copy at the public meeting.

TOTAL COMMENTS

A total of 482 comments were received as noted below:

» USPS Mail: 0
» Public Meeting Roll Plots: 06
» Email: 18
» Survey: 458

SUMMARY OF PUBLIC MEETING COMMENTS

Multiple people who attended the public meeting expressed similar comments about the need to reduce traffic congestion and provide additional access to Loop 303. Generally, meeting participants said they favor the proposed extension of El Mirage Road between Loop 303 and Jomax Road. Comments received on the roll plots primarily addressed intersection treatments along El Mirage Road and lighting.

SUMMARY OF SURVEY COMMENTS

A total of 344 people completed the 10-question survey. Eight of the questions had a drop-down menu of answers from which to select. Two questions were open-ended, allowing respondents to write in their answers. This section summarizes comments provided via the two open-ended questions.

- » The first open-ended question asked respondents how they currently access Loop 303. Of the 344 respondents, 261 answered this question. Respondents identified seven options: 163rd Avenue, US 60/Grand Avenue, El Mirage Road, Happy Valley Road, Jomax Road, Lone Mountain Road, and Vistancia Boulevard. While many respondents said they use a mix of these options, one of them—Happy Valley Road—is by far the most used road for access to and from Loop 303.
- The second open-ended question allowed respondents to provide the study team with any input regarding the proposed extension of El Mirage Road from Loop 303 to Jomax Road. Of the 344 respondents, 197 answered this question. Slightly more than half of respondents indicated that they favor the proposed project; a small number said they oppose it, while remaining respondents did not specify their stance or provided a comment unrelated to the proposed extension of El Mirage Road between Loop 303 and Jomax Road. Comments related to traffic were most common in the survey; nearly half addressed traffic issues such as congestion, long travel times, and the need for relief. Safety was another common theme, as well as intersection treatments on El Mirage Road and access to and from Coldwater Ranch. Some respondents expressed concern about potential impacts from traffic noise, streetlights, and increased traffic on El Mirage Road adjacent to homes.

SUMMARY OF SURVEY RESULTS

This section summarizes responses to the eight questions that provided answer options in a drop-down menu. Slightly more than half of respondents said they live in Peoria. City of Surprise and Maricopa County residents made up the bulk of remaining respondents. About half of respondents live within one mile or just more than a mile from the proposed project area. A majority of respondents said they do not own/operate a business or work within the vicinity of the proposed project area; of those who do, most said the proposed project would

El Mirage Road: Loop 303 to Jomax Road Public Meeting Summary Report

benefit their business or customers. Most respondents said they live, work or travel to and from Loop 303 from the north. When asked how they would use the proposed extension of El Mirage Road, the top response was to travel to and from Loop 303. More than half of the respondents said they would use the proposed extension of El Mirage Road daily. Slightly more than half of respondents said they would not use bicycle lanes or sidewalks along El Mirage Road between Loop 303 and Jomax Road; of those who said they would use them, recreational uses such as walking or cycling was the top response.

RESPONSES TO COMMENTS

The project team collaborated to provide responses to the email comments when appropriate and directly addressed comments made at the public meeting. The project team did not respond to comments received on the survey.

Appendix G provides comment logs and survey results.

4.1 Summary of All Public Comments

Comments received by email, on the roll plots at the public meeting, and via the survey were assigned a Topic Code(s) to identify common themes. Table 2 provides the Topic Codes and the number of comments affiliated with each one. Note that some comments addressed multiple topics, while others did not identify any topic(s).

Table 2: Comment Topic Codes and Affiliated Comments

Topic Code	Topic	Question or Comment	Number of Related
		Generally Refers To:	Comments
AQ	Air Quality	Increased air pollution.	0
AT	Active Transportation	Bike lanes, sidewalks, trails.	4
В	Budget	Project cost, funding source(s).	0
С	Construction Timeline	Start and end dates, duration of	1
		construction.	
D/L	Design/Location	Alignment; what the roadway might	3
		look like; number of lanes; elevation of	
		bridges; proximity to homes,	
		landscaping, streetlights.	
E	Environment (other	Oppose new roadway in desert;	1
	than Noise)	concern for animals, plants, water,	
		climate change, etc.	
М	Maintenance	Maintenance of roadway once	0
		operational.	
N	Noise	Increased traffic noise, type of noise	8
		abatement.	
0	Other	Other topic not noted here.	32 (Intersection
			treatments; access for
			Coldwater Ranch and
			other neighborhoods)
RC	Roadway Classification	Type of road, speed limit, local traffic	2
		only, heavy trucks.	
ROW	Right of Way	Property acquisition.	0
S	Safety	Crashes involving vehicles and/or active	23
		transportation users; speeding.	
Т	Traffic	Needed to alleviate congestion vs.	93
		opposed to more traffic by residences;	
		AADT projections.	

As noted previously, several comments were not related to the extension of El Mirage Road between Loop 303 and Jomax Road; instead, they addressed the local transportation system and/or traffic conditions and roadway or intersection improvements outside of the study area. The project team referred the individual asking the question or making the comment to the appropriate agency, such as the city of Peoria or Maricopa County Department of Transportation, and provided the question or comment to the appropriate agency.

5 TITLE VI REPORTING

5.1 Voluntary Self-Identification Surveys

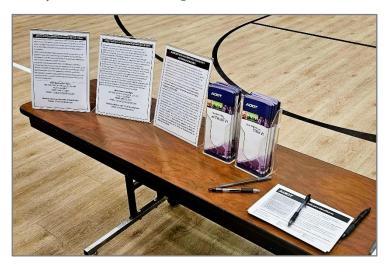

Meeting participants were asked to complete ADOT's voluntary self-identification survey for Title VI reporting purposes. Twenty-five out of 93 meeting attendees (26 percent) completed a survey card. Of the 25 respondents, 23 said they were White, one person said they were Hispanic/Latino, and one person said they were Asian.

5.2 Title VI Meeting Summary Report

The Title VI Public Meeting Summary Report documenting ADOT's compliance with Title VI and Title II

nondiscrimination and accommodations was submitted to the ADOT Civil Rights Office on March 3, 2025. The ADOT Civil Rights Office analyzed the data to confirm that services were provided in a nondiscriminatory manner and commended the project team for "... taking advantage of using various forms of advertising" and "... giving the opportunity to others to receive notice and take part in the public meetings and engage in discussions."

Figure 5: ADOT Nondiscrimination Information and Self-ID Surveys at the Public Meeting

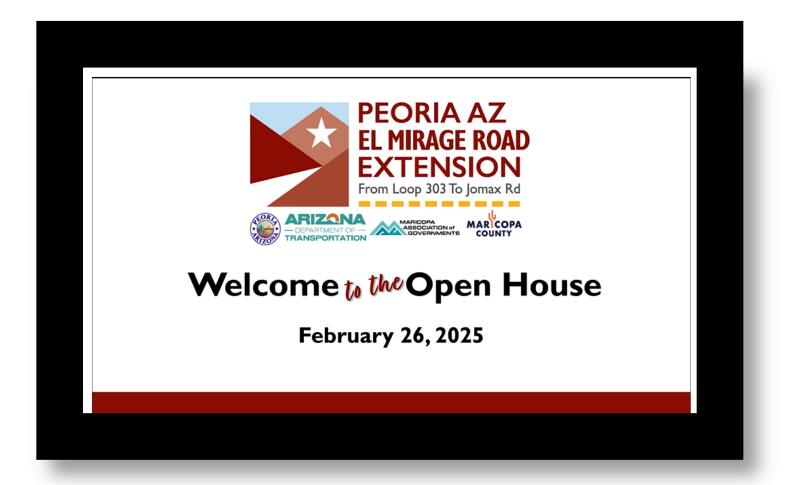

Appendix A includes links to the presentation video and copies of the presentation slides, two roll plots, seven presentation boards, the meeting flyer, and the six-page survey provided at the public meeting, as well as the Conceptual Roadway Corridor Alignment graphic that was uploaded to the website after the meeting in response to meeting input received.

Appendix A

PRESENTATION VIDEO

The presentation video is available on the project website at https://www.elmirageroadextension.com/resources and here: https://www.elmirageroadextension.com/videos.

The presentation slides are on the 24 pages that follow.

Welcome to the Open House

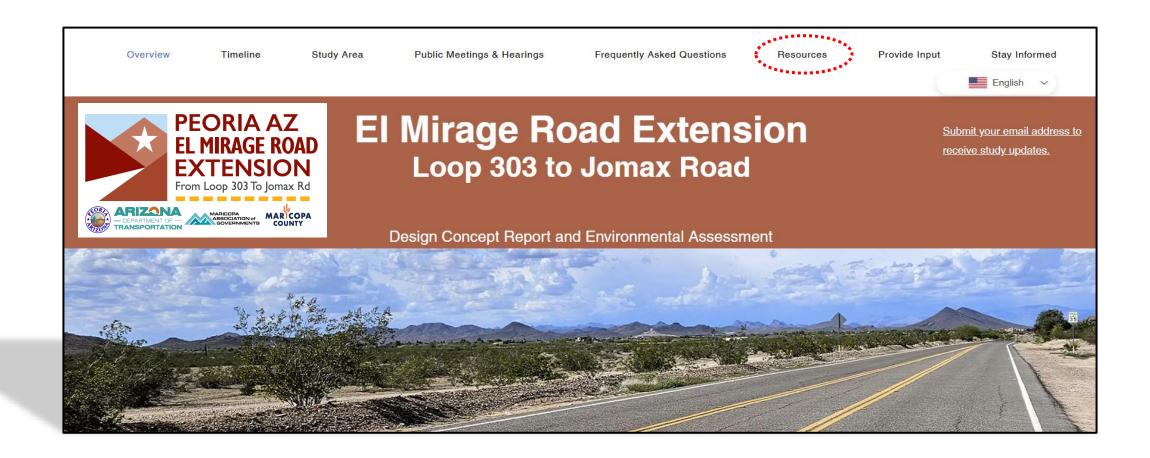

February 26, 2025

ABOUT THIS PRESENTATION:

- Explain the current project: Prepare a Design Concept Report (DCR)
 and Environmental Assessment (EA).
- Provide project background: How did we get here?
- Share the design concepts for the 4-lane (initial configuration)
 which could be built in the short-term, and the 6-lane (ultimate
 configuration) which could be built in the future.
 - Alignment

- Intersections
- Roadway features
- Structural crossings

ElMirageRoadExtension.com

- The city of Peoria
- Arizona Department of Transportation
- Maricopa Association of Governments (MAG)
- Maricopa County Department of Transportation
- Flood Control District of Maricopa County
- Maricopa County Parks and Recreation Department

Purpose: Evaluate improvements to meet current and projected traffic needs and improve regional connectivity to Loop 303

Potential improvements include:

- Extending El Mirage Road about 2 miles, between Loop 303 and Jomax Road.
- Constructing structural crossings over McMicken Wash and the Beardsley Canal.
- Adding intersection treatments at El Mirage Road at Happy Valley and Jomax roads.

EL MIRAGE ROAD

BETWEEN SR 303L & JOMAX ROAD

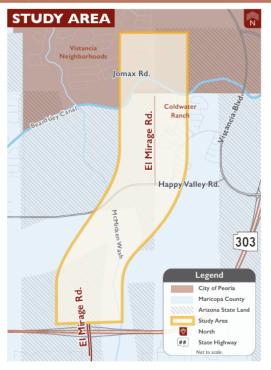

ABOUT THIS PROJECT

The city of Peoria (City) and Arizona Department of Transportation (ADOT)—in cooperation with the Maricopa Association of Governments (MAG), the Maricopa County Department of Transportation (MCDOT), the Flood Control District of Maricopa County (FCDMC), and the Maricopa Water District (MWD)—are evaluating improvements to El Mirage Road between Loop 303 and Jomax Road. This project is an early step in the process of planning, designing, and constructing a new alignment to meet current and future traffic demands and improve regional access to Loop 303. The project includes preparing a Design Concept Report (DCR) and an Environmental Assessment (EA) in compliance with the National Environmental Policy Act. The proposed improvements include:

- · Extending El Mirage Road approximately two miles from State Route 303L to Jomax Road.
- · Constructing crossings over McMicken Wash (FCDMC) and the Beardsley Canal (MWD).
- · Adding intersection treatments on El Mirage Road at Happy Valley and Jomax roads.

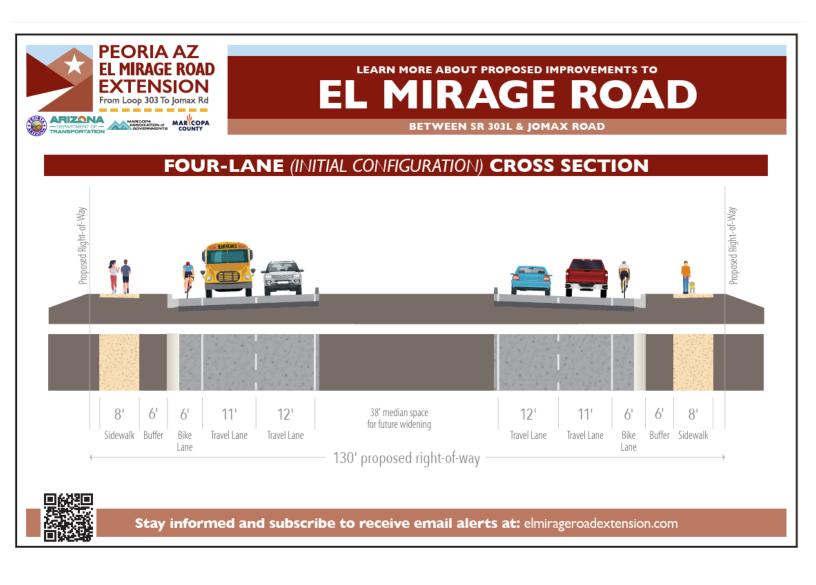

Formal public meeting or other opportunity to provide input Schedule is subject to change

SIX-LANE (ULTIMATE CONFIGURATION) CROSS SECTION

(4 OF 7)

LEARN MORE ABOUT PROPOSED IMPROVEMENTS TO L MIRAGE ROAD

BETWEEN SR 303L & JOMAX ROAD

This project includes preparing an Environmental Assessment (EA), which is analyzing the following elements in the study area:

- Land Use/Ownership
- Biological Resources
 - Endangered Species
 - Native Plants
- Water Resources
 - ° Clean Water Act Permitting
 - ° Floodplains
 - ° Erosion Control
- Cultural Resources

- Air Quality
- Noise
- Hazardous Materials
- Socioeconomics
- Section 4(f) Resources
- Visual Resources
- Utilities
- Construction-Related Impacts

About the EA:

An EA is a document that briefly provides sufficient evidence and analysis for determining whether to prepare an Environmental Impact Statement (EIS) or a Finding Of No Significant Impact (FONSI). It determines whether the environmental impacts of a project are significant and if further analysis and documentation are necessary.

If the EA results in a FONSI, the next steps would be final design and construction of the recommended improvements, pending the availability of funding.

The environmental review, consultation and other actions required by applicable Federal environmental laws for this project are being or have been carried out by ADOT pursuant to 23 USC 327 and a Memorandum of Understanding dated 06/25/2024 and executed by the Federal Highway Administration (FHWA) and ADOT.

(5 OF 7)

EL MIRAGE ROAD

BETWEEN SR 303L & JOMAX ROAD

OTHER NORTHWEST VALLEY PROJECTS

This map provides the locations of and information about other projects near **but not related to** the El Mirage Road: Loop 303 to Jomax Road project.

- Westwing Business Park: This project is extending El Mirage Road north of Loop 303 to provide access to the proposed subdivision. Work is being done under a permit with the Maricopa County Department of Transportation and includes paving, pavement markings, and signage.
- Mariposa Grande Paving Project: This private access road is being improved and will eventually connect the Westwing Business Park to the future El Mirage Road north of Loop 303.
- 3 Happy Valley Road and Vistancia Road Intersection: The city of Peoria is developing a Design Concept Report for the future realignment of the Happy Valley and Vistancia roads intersection. This DCR is currently anticipated for completion later this year.
- McMicken Dam Outlet Channel Improvements: The Maricopa County Flood Control District has completed reconstruction of the Outlet Channel to meet flood protection requirements. The channel stretches from approximately Dysart Road to 155th Avenue.
- S North Peoria Gateway Development Project: The city of Peoria is currently rezoning land along Loop 303 near Happy Valley Parkway for this 1,620-acre mixed-use development, which is expected to include residential, commercial, and employment-center uses.

(7 OF 7)

The National Environmental Policy Act (NEPA) of 1969 provides a comprehensive framework that requires federal agencies to consider the full range of environmental impacts when making decisions.

NEPA covers many different laws and regulations, such as those noted below.

NEPA

- · Clean Air Act
- Clean Water Act
- Environmental Justice Executive Order
- Noise Ordinances
- U.S. Department of Transportation Act of 1966; Section 4(f)
- Section 105 of the National Historic Preservation Act
- Contaminated Materials and Substances
- Endangered Species Act
- Coastal Zone Management Act

- Migratory Bird Treaty Act
- Protection of Wetlands Executive Order
- Patuxent Research Refuge Executive Order
- Floodplain Management Executive Order
- Federal Flood Risk Management Executive Order
- Limited English Proficiency Executive Order
- Military Construction and Appropriations Act
- State Environmental Laws
- Local Environmental Laws

- ☑ Presentation: Watch the presentation, which will run several times throughout the evening. You can also watch this
 presentation on the project website at www.ElMirageRoadExtension.com under the Resources tab.
- ☑ Roadway Design: See the conceptual roadway alignment and learn more about the initial and ultimate design concepts.
- ☑ Environmental: Learn more about the Environmental Assessment being prepared in conjunction with this project.
- ☑ Surveys: If you have not already taken the survey online, complete it here tonight.

PROJECT OVERVIEW

The city of Peoria and Arizona Department of Transportation—in cooperation with the Maricopa Association of Governments, Maricopa County Department of Transportation, Flood Control District of Maricopa County, and other agencies—are evaluating improvements to El Mirage Road to meet current and projected traffic needs and improve regional connectivity to Loop 303. Potential improvements include:

- » Extending El Mirage Road about two miles, between Loop 303 and Jomax Road.
- » Constructing structural crossings over McMicken Wash and the Beardsley Canal.
- » Adding intersection treatments on El Mirage Road at Happy Valley and Jomax roads.

DESIGN CONCEPT REPORT (DCR) AND

ENVIRONMENTAL ASSESSMENT (EA) This project includes preparing a DCR and an EA in compliance with

the National Environmental Policy Act (NEPA). The draft EA will be the focus of a virtual public hearing, currently anticipated for summer 2025. You will have an opportunity to review the draft EA in advance of or at the public hearing and provide input at the public hearing or

during the draft EA comment period. If the EA results in a Finding of No Significant Impact (FONSI), the project could move forward with final design and construction when funding is available. If significant impacts are identified, the project would require an Environmental Impact Statement (EIS).

THANK YOU FOR YOUR PARTICIPATION!

Pursuant to Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA) and other nondiscrimination laws and authorities, the Arizona Department of Transportation (ADOT) does not discriminate on the basis of race, color, national origin, sex, age, or disability. Persons who require a reasonable accommodation based on language or disability should contact the City of Peoria at (623) 670-5800. Requests should be made as early as possible to ensure the State has an opportunity to address the accommodation.

De acuerdo con el Título VI de la Ley de Derechos Civiles de 1964, la Ley de Estadounidenses con Discapacidades (ADA por sus siglas en inglés) y otras normas y leyes antidiscriminatorias, el Departamento de Transporte de Arizona (ADOT) no discrimina por motivos de raza, color, origen nacional, esso, edad o discapacidad. Las personas que requieran asistencia (dentro de lo razonable) ya sea por el idioma o discapacidad deben ponerse en contacto con City of Peoria a (623) 670-5800. Las solicitudes deben hacerse lo más antes posible para asegurar que el Estado tenga la oportunidad de hacer los arreglos necesarios.

The environmental review, consultation and other actions required by applicable Federal environmental laws for this project are being or have been carried out by ADOT pursuant to 23 USC 327 and a Memorandum of Understanding dated 06/25/2024 and executed by the Federal Highway Administration (FHWA) and ADOT.

Project Update

February 12, 2025

Learn more about proposed improvements to El Mirage Road between Loop 303 and Jomax Road on Feb. 26, 2025, at Lake Pleasant Elementary School

The city of Peoria, Arizona Department of Transportation (ADOT), Maricopa Association of Governments, Maricopa County, and other agencies are evaluating the extension of El Mirage Road between Loop 303 and Jomax Road to meet current and projected traffic needs and improve regional connectivity to Loop 303. On Feb. 26, you can get a first look at what those improvements might look like in the near term (through 2035) and the long term (2036-2050) and learn more about the project-related environmental study.

Attend the Open House

Project team members and representatives from ADOT, Peoria, and Maricopa Project team members and representatives from AUO1, Peoria, and marncopa County will share information, gather public input, and answer questions on Wednesday Feb. 26, 2025, at Lake Pleasant Elementary School, 31501 N. Westland Rd., Peoria, AZ 85383(see map below). The open house will take place in the multi-purpose room. Attend at any time between 5:30 and 7 p.m. A pre-recorded presentation will run several times throughout the evening, and display boards and maps will be available for review and comment.

Meeting materials will be available for review on the project website under the Resources tab at elmirageroadextension.com/resources

comment Period . 30-day comment period begins on Feb. 26 and continues through March 28, 2025. You can provide input and ask questions by email, mail, or by completing

- an online survey:

 Email: info@ElMirageRoadExtension.com

 Mail: Avenue Consultants/El Mirage Road Extension, 5353 N. 16th Street, Suite 380, Phoenix, AZ 85016.
 - Online Survey: Visit https://www.elmirageroadextension.com/resources

All comments will be considered regardless of how they are submitted. Your input helps to inform the Design Concept Report (DCR) and Environmental Assessment (EA) as this project progresses.

Design Concepts

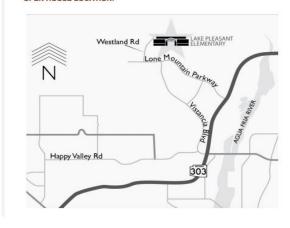

This phase of the project includes preparing a DCR with project plans completed This priase of the project includes plepaining a DCR with project plains completed up to 15 percent. The project team will share preliminary information about the proposed roadway corridor design such as the number of travel lanes in each direction, bicycle lanes, sidewalks, and other features; the proposed alignment (i.e., where the roadway corridor would be located); the structural crossings over the Beardsley Canal and McMicken Wash; and the El Mirage Road intersections with Morey Valloy Pool Columbra Paper Princ Techer Trail Deport Structure. with Happy Valley Road, Coldwater Ranch Drive, Tether Trail, Desert Sun Lane, and Jomax Road.

Environmental Considerations
The project also includes preparing an EA in compliance with the National Environmental Policy Act (NEPA). The project team will share information about the evaluations that are being completed and the status of the environmental analysis that will inform the EA.

Questions about the Public Meeting?

Email Info@ElMirageRoadExtension

OPEN HOUSE LOCATION:

Pursuant to Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA) and other nondiscrimination laws and authorities, the Arizona Department of Transportation (ADOT) does not discriminate on the basis of race, color, national origin, sex, age, or disability. Persons who require a reasonable accommodation based on language or disability should contact the City of Peoria at (623) 670-5800. Requests should be made as early as possible to ensure the State has an opportunity to address the accommodation.

De acuerdo con el Título VI de la Ley de Derechos Civiles de 1964, la Ley de Estadounidenses con Discapacidades (ADA por sus siglas en inglés) y otras normas y leyes antidiscriminatorias, el Departamento de Transporte de Arizona (ADOT) no discrimina por motivos de raza, color, origen nacional, sexo, edad o discapacidad. Las personas que requieran asistencia (dentro de lo razonable) ya sea por el idioma o discapacidad deben ponerse en contacto con City of Peoria a (623) 670-5800. Las solicitudes deben hacerse lo más antes posible para asegurar que el Estado tenga la oportunidad de hacer los arreglos necesarios.

From Councilman Bullock

Roadway Projects

One of the many issues I am focused on is roads and transportation. As our district grows, we need more and wider roads to handle the traffic, but also with an eve on vehicle and pedestrian safety. I worked with the transportation staff and came up with a breakout of all construction projects in vistancia, including the proposed Lone Mountain extension to West Wino in the proposed Lone Mountain extension to West Wino in the future I (I want to know everything that's planned for the next 10–15 years). There are a lot of images, but they're worth the scroll, I will keep sending more "roads" updates as I get them.

Public Meeting: El Mirage Road Extension

Attend the public open house to review and provide input on the design concepts for the proposed El Mirage Road extension, extending from Loop 303 to Jomax Road.

-Date: Wednesday, February 26 -Time: 5:30 p.m. to 7:00 p.m. -Location: Lake Pleasant Elementary School, 31501 N. Westland Road, Peoria, AZ 85383 (Multi-purpose room)

More Information (Link to project website)

Virtual Public Meeting: Loop 303 to SR74

The Maricopa Association of Governments (MAG), in partnership with the cities of Surprise and Peoria, ADOT, and MCDOT, is conducting a study on tavel demands along the US 60 (Grand Avenue) corridor between Loop 303 and SR 74 (Carefree Highway). A virtual public meeting will be held on March 3 at 6:30 p.m. to provide a project update and allow for a live Q&A session. Participants can type questions during the meeting, and it will be recorded and posted on the project website.

Public input meeting set for improving El Mirage Road from Loop 303 to Jomay

Peoria, AZ (February 12, 2025) The City of Peoria, Arizona Department of Transportation (ADOT), Maricopa County, and other agencies are asking for public input on a potential two-mile extension of El Mirage Road from Loop 303 to Jomax Road. This project is being designed to improve traffic flow and access to the Loop 303 in the northwest Valley. Currently there is no funding for final design or construction of the project.

On Wednesday, February 26, from 5:30 p.m. to 7 p.m., the public can get a first look at what those improvements might look like at a public open house at Lake Pleasant Elementary School, 31501 N. Westland Rd., Peoria, AZ 85383. The recorded presentation will run several times throughout the evening and display boards and other exhibits will be available for review. Those who are unable to attend can view the presentation materials at www.elmirageroadextension.com/resources, under the Resources tab.

A Design Concept Report (DCR) and Environmental Assessment (EA) are underway to evaluate roadway improvements such as lane configuration, pedestrian and bicycle use, drainage improvements, right of way impacts, traffic impacts, and other considerations. They will also evaluate the potential environmental effects that could result from future implementation of the new roadway segment, as well as potential traffic impacts in on action is taken to improve the road. Environmental topics to be addressed include but are not limited to biological resources, cultural resources, water resources, hazardous materials, traffic noise, and air quality.

This month's "2nd Saturdays" music and art festival is Feb. 8, showcasing the work of dozens of local artists to the community for free. (Micah Bentley/Submitted)

Peoria's 2nd Saturdays Saturday, Feb. 8

Peoria's 2nd Saturdays is a monthly

music and art festival that takes place on the second Saturday of each month, October through April. Held in historic Downtown Peoria at Jefferson Street and 83rd Avenue, the event is organized by local artists in partnership with the city. This month, a replica of Lightning McQueen from Disney's "Cars" is making an appearance at the event. Austin B. Sweeney, a Pacific-Northwest-born artist that combines the acoustic and electric west coast sounds, and the Bailey Zick Trio, an ASU-graduate with a folk sound, are among this month's performances.

#	Date Received	Format	Question/Comment	Response
1.	2/12/25	Email	We would love to be able to get to Safeway and stay off Vistancia raceway. 3 votes in our house for yes.	Thank you for contacting the El Mirage Road Extension study team. We have received your email. If you submitted a question or comment, a team member will follow up with you shortly. We appreciate your interest in this study.
2.	2/13/25	Email	Will there be a traffic control system at the intersection of Happy Valley and El Mirage, such as a traffic light or roundabout? Will there be bicycle lanes (I'm in favor of it)? If there will be bicycle lanes for the new construction, will bicycle lanes connect with the existing lanes on El Mirage from Jomax to Vistancia?	Thank you for your email, and please see the responses to your questions below: At this stage in the project, a traffic signal is anticipated at Happy Valley and El Mirage roads. The current design concept includes six-footwide bicycle lanes in both directions on El Mirage Road between Loop 303 and Jomax Roads, including on the structural crossings over McMicken Dam and the Beardsley Canal. The current design concept has continuous bike lanes over the Beardsley Canal bridge that would tie into the existing bike lanes on El Mirage Road north of Jomax Road. We appreciate your interest in this project.
3.	2/22/25	Email	Hello, I am just advising I think your timeline dates may need correction. It dates from Spring 2024 to Fall 2024 to Winter "2025" back to Spring 2025 then to Fall 2025. Was the Winter "2025" supposed to read Winter "2024?"	Thank you for your email. The timeline is tricky because winter spans two calendar years. Technically we are currently in Winter 2025 becausealthough the Winter Equinox was on December 21, 2024Spring does not begin until March 21, 2025. To your point, it will be Winter 2025 again as of December 21, 2025. Hope that makes sense, and thank you again for your input.
4.	2/22/25	Email	Thank you for sending the information about the El Mirage Road Project. My input is please build a road from the 303 at the El Mirage exit directly to Happy Valley and do it as quickly as possible. There have been some great improvements at the 303 and Grand intersection and 303 and 161st intersection but they are still so congested. Creating an additional exit that goes directly to Happy Valley would be incredible and could prevent accidents due to less congestion which could lead to saving	Thank you for contacting the EI Mirage Road Extension study team. We have received your email. If you submitted a question or comment, a team member will follow up with you shortly. We appreciate your interest in this study.

#	Date Received	Format	Question/Comment	Response
			people's lives. Please just build the road.

6.	2/26/25 – at Public Meeting	Sticky note on roll plot	Lights from Vistancia to new lights; too congested.	Comment captured
7.	2/26/25 – at Public Meeting	Sticky note on roll plot	Please connect Jomax to Dysart.	Comment captured
8.	2/26/25 – at Public Meeting	Sticky note on roll plot	Roundabouts will slow traffic at Tether and Coldwater Ranch.	Comment captured
9.	2/26/25 – at Public Meeting	Sticky note on roll plot	Roundabout would be beneficial instead of lights (El Mirage and Happy Valley roads).	Comment captured
10.	2/26/25 – at Public Meeting	Sticky note on roll plot	Roundabout at intersection (El Mirage and Happy Valley roads).	Comment captured
11.	2/27/25	Email	Ladies and Gentlemen, The proposed extension of El Mirage from the 303 to Jomax Road is long overdue, and will be welcomed by thousands of motorists who will find that this new route from their homes north of the 303 to their destinations south of 303 cuts many minutes off their daily commute. Unfortunately for the elderly residents of Sun City West, many of these motorists will soon make their commute to "all points south" right through the heart of Sun City West - especially those motorists going to Surprise - and the traffic accident rate in Sun City West is going to skyrocket. In anticipation of this, every effort should be made to improve the roads in Sun City West - on	Thank you for your email. I am confirming that we have received it and that your input has been added to the comment log for this phase of the El Mirage Road: Loop 303 to Jomax Road DCR and EA project.

Public	Comment Log I: Receive	ed by Em	ail and on Roll Plots (does no	ot include survey comments)
#	Date Received	Format	Question/Comment	Response
			those "collector" routes - before the new extension of El Mirage is opened. Specifically, there is a stretch of Deer Valley Road between the Deer Valley Cut Off and the north entrance to Sun City West that needs a major upgrade. This is the section of Deer Valley Road that runs between Corte Bella and Sun City West. This is an old 2 lane road that should be upgraded to 4 lanes with a turn lane in the middle - to match the configuration of this road as it lies in Sun City West. This is the road that the fire department uses when making runs to the north from Sun City West Station 3. I ask that you consider building this much needed roadway upgrade at the same time as the El Mirage Extension project, as it will most likely save the lives of several grandmas. Let's bring this stretch of road into the 21 Century! Thanks for your consideration - and please email me with the date and time of the next public hearing on this matter.	
12.	3/17/25	Email	To whom it may concern, I am submitting a design concept for Jomax Road that I believe would significantly improve traffic congestion along the Loop 303/ El Mirage Rd, as well as Happy Valley Road and Vistancia Boulevard. I kindly ask that you review the attached outline and consider my submission for further consideration. New Traffic Alternatives between US-60 and El Mirage	Thank you for your email and thoughtful input. We are sharing this with the City of Peoria, as this location is within the City's planning area and outside of the study limits for the El Mirage Road: Loop 303 to Jomax Road Design Concept Report and Environmental Assessment. Thank you.

Date Received	Format	ail and on Roll Plots (does no Question/Comment	Response
		interchanges	
		I believe I have a concept that	
		has not been evaluated on your	
		approach to managing traffic flow	
		in and around the same area as	
		Loop 303/El Mirage. Specifically,	
		this could help alleviate the well-	
		known congestion at the Happy	
		Valley Blvd & Vistancia Blvd	
		intersection near the Loop 303	
		Fwy. During rush hour, traffic	
		often backs up as drivers try to	
		make the northbound left- hand	
		turn at the Vistancia Blvd light	
		onto westbound Happy Valley	
		Blvd. To address this, I've	
		identified a potential alternative	
		route through a newly accessible	
		road on the Loop 303, called	
		Jomax Parkway. This road	
		connects directly to Vistancia	
		Blvd just a short distance north	
		of Happy Valley Blvd. Adding this	
		route would provide drivers with	
		an additional option, helping to	
		reduce the strain on the	
		congested intersection,	
		especially since traffic	
		often backs up all the way to the	
		Loop 303. Furthermore, this	
		route could serve as an alternative exit for traffic coming	
		from the I-17 freeway. If Jomax	
		Parkway were extended to W	
		Jomax Rd, it would provide	
		another viable route for	
		drivers heading to homes in this	
		area, as well as a direct	
		connection to W Jomax Rd and	
		further access to 163rd Ave.	
		The enclosed map highlights the	
		current streetlight congestion at	
		the Happy Valley Blvd & Vistancia	
		Blvd intersection (marked in red),	
		as well as the proposed Jomax	

Public	Comment Log I: Receive	ed by Em	ail and on Roll Plots (does no	ot include survey comments)
#	Date Received	Format	Parkway to W Jomax Rd route (highlighted in yellow). Additionally, I've pointed out the potential El Mirage extension from the Loop 303, which could intersect with these routes.	Response
13.	2/28/25	Email	Do you have a schedule and road route on el mirage extension?	Thank you for your email and your patience. The current project includes preparing an Environmental Assessment (EA) and Design Concept Report (DCR) with plans up to 15 percent. The current project timeline anticipates a public hearing in summer 2025 for the draft EA, followed by completion of the EA and DCR in the fall. If the EA results in a Finding of No Significant Impact (FONSI) the project could move forward with final design and construction when funding is identified. However, if it does not conclude with a FONSI, an Environmental Impact Statement would be required. Following completion of this project and depending on the EA determination the City of Peoria would like to begin final design in early 2026. Right-of-Way acquisition would occur during the final design process and, pending funding, construction would follow. To see the conceptual roadway route, please view the roll plot maps, presentation, and other materials that were shared at our Feb. 26, 2025, public meeting. You can find them on the project website here:https://www.elmirageroadextension.com/re sources. Because these files are quite large, we cannot email them to you directly. We anticipate posting an updated graphic that illustrates the conceptual roadway corridor alignment to the website later this week.
14.	3/21/25	Email	I have no issue with the interchange at El Mirage Rd & 303 as long as there are measures for safety for residents already using El Mirage Rd to the 303, traffic lights or complete stop signs.	Thank you for contacting the El Mirage Road Extension study team. We have received your email. If you submitted a question or comment, a team member will follow up with you shortly. We appreciate your interest in this study.

				ot include survey comments)
#	Date Received	Format	Question/Comment	Response
15.	3/21/25	Email	Hopefully 303 and el mirage can connect to Happy Valley as soon as possible! Then we are also looking forward to el mirage connecting through Jomax. Will alleviate a lot of the current and new residents only having access at Vistancia blvd and 163rd ave. Thank you!	Thank you for contacting the El Mirage Road Extension study team. We have received your email. If you submitted a question or comment, a team member will follow up with you shortly. We appreciate your interest in this study.
16.	3/21/25	Email	Good afternoon this is not necessarily a complaint about the project. It's just more of a concern. With the recently opened bridge that expands across the river bottom on deer Valley Road from 107th Ave. to 115th Ave. there has been a very large increase in vehicular traffic of people traveling down deer Valley/Williams road between 115th Ave. and El Mirage Road in both directions. It is already very difficult for side street traffic in the neighborhoods to exit during normal busy traffic hours as there is no traffic control at any of these intersections or roundabouts specifically 119th Ave. With the incredible huge numbers of people that are moving into the north west Surprise area and vistancia, the amount of vehicular traffic that will be coming and going north of the 303 freeway on El Mirage will most likely utilize deer Valley/Williams road. It already appears that the amount of traffic without the upgrade has increased so much that additional traffic engineering surveys need to be conducted on	Thank you for your input regarding traffic conditions on Deer Valley/Williams Road. This area is outside of the study area for the El Mirage Road: Loop 303 to Jomax Road project. Because it is in Maricopa County, we are passing your comments along to the Maricopa County Department of Transportation. Thank you.

Public	Public Comment Log I: Received by Email and on Roll Plots (does not include survey comments)			
#	Date Received	Format	Question/Comment	Response
			deer Valley WILLIAMS to look at how fast people travel up and down that road, it's a speedway and the amount of vehicular traffic and the need for traffic control devices at the intersecting roadways to deer Valley Williams. The one traffic control intersection crosswalk light that is currently installed at 119rh Ave creates more problems simply because people are not obeying the rules of stopping, and this creates an incredibly dangerous situation considering this crosswalk is connected to a very large park. It is just a matter of time before we have a fatality or significant traffic accident between El Mirage Road and 115th Ave. due to the poor planning between the county and the cities at this project encompasses. I do welcome your response and consideration about the serious safety concern. Feel free to reach out to me anytime if you have questions or comments	
17.	3/21/25	Email	Thank you. I've been wanting this since moving to Trilogy in June 2016. It will save me a lot of time and miles in my trips to Grand Ave or Bell Rd where I have doctors to visit and to Waddell Rd. for Costco and eateries. I also hope to see Jomax Rd extended north from Loop 303 over to the existing Jomax so I can get to Four Corners from the north and not wade my way through traffic on Happy Valley. My primary doctor is in the Abrazo Emergency Hospital on	Thank you for contacting the EI Mirage Road Extension study team. We have received your email. If you submitted a question or comment, a team member will follow up with you shortly. We appreciate your interest in this study.

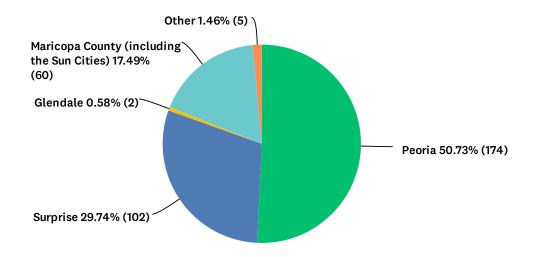

Public	Comment Log I: Receive	ed by Ema	ail and on Roll Plots (does no	ot include survey comments)
#	Date Received	Format	Question/Comment Lake Pleasant Rd at Jomax. A lot of what I need at Four Corners I can reach easier from the north. I lived 30 years in Fairfax County VA where they overbuilt the area	Response
			but built few roads; a nightmare, legendary gridlock. Please don't Fairfax us. Put the mobility in with the growth, or ideally prior to heavy growth, so we don't have to retrofit roads. Saw that in Fairfax at Rt 50 and the Fairfax County Parkway where they built a grade crossing with traffic signals for 3 lanes each way plus turn lanes. They came back 24 months later and paid through the nose to rebuild the whole thing with overpasses to ease monumental backups. Saw it in Colorado Springs where the "cut	
			Colorado Springs where the "cut my taxes" crowd assured some of the most antiquated and overloaded roads. We can spend now and build it right the first time or we will spend 2-3 times as much later on to retrofit. The roads here are awesome compared to most of the nation that I've seen, please keep up the good work.	
18.	3/21/25	Email	To whom it may concern: I have been a resident of Trilogy at Vistancia for many years and have watched the traffic get worse and worse. Connecting El Mirage to the 303 would be a tremendous Improvement to the traffic issues. The sooner this gets completed the better!	Thank you for contacting the El Mirage Road Extension study team. Q1 Where do you live?

Answered: 343 Skipped: 0

ANSWER CHOICES	RESPONSES	
Peoria	50.73%	174
Surprise	29.74%	102
Glendale	0.58%	2
Maricopa County (including the Sun Cities)	17.49%	60
Other	1.46%	5
TOTAL		343

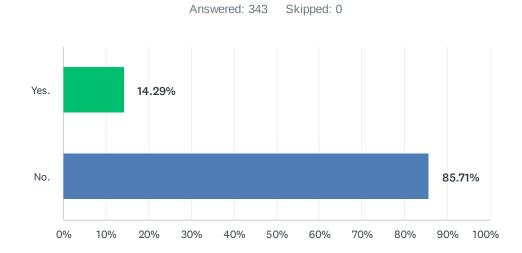

Q2 What is your residence's proximity to the proposed project area between Loop 303 and Jomax Road? See map below.

Answered: 342 Skipped: 1

ANSWER CHOICES	RESPONSES	
Adjacent.	15.79%	54
Within a quarter mile.	17.54%	60
Within a half mile.	13.16%	45
Within one mile.	24.85%	85
Greater than one mile.	28.65%	98
TOTAL		342

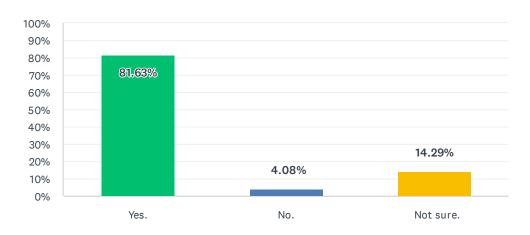

Q3 Do you own/operate a business or work within the vicinity of the proposed project area between Loop 303 and Jomax Road?

ANSWER CHOICES	RESPONSES	
Yes.	14.29%	49
No.	85.71%	294
TOTAL		343

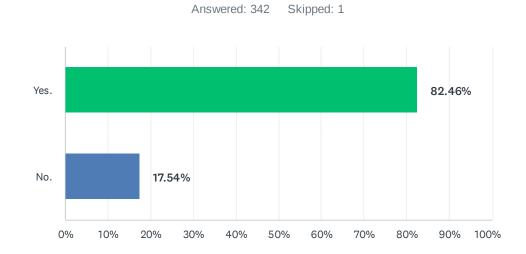

Q4 Would the proposed project be beneficial for your business or customers?

Answered: 49 Skipped: 294

ANSWER CHOICES	RESPONSES	
Yes.	81.63%	40
No.	4.08%	2
Not sure.	14.29%	7
TOTAL		49

Q5 Do you live, work, or otherwise travel to and from Loop 303 from the north?

ANSWER CHOICES	RESPONSES	
Yes.	82.46%	282
No.	17.54%	60
TOTAL		342

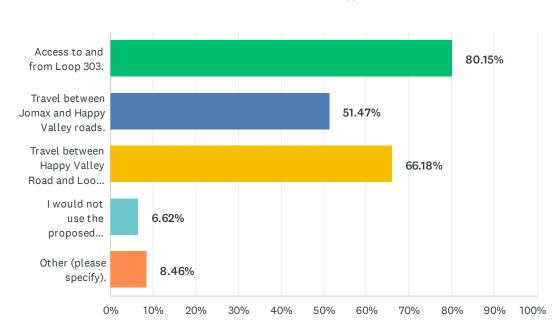

Q6 Tell us how you currently access Loop 303 (for example, which roads you use to travel to and from Loop 303):

Answered: 261 Skipped: 82

See: Supplemental Survey Data_Access in this appendices.

Q7 Tell us how you would use the proposed extension of El Mirage Road between Loop 303 and Jomax Road:

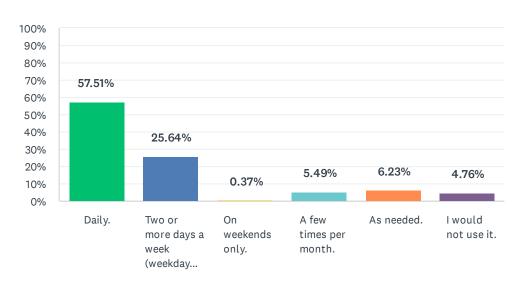

ANSWER CHOICES	RESPONSES	
Access to and from Loop 303.	80.15%	218
Travel between Jomax and Happy Valley roads.	51.47%	140
Travel between Happy Valley Road and Loop 303.	66.18%	180
I would not use the proposed extension of El Mirage Road.	6.62%	18
Other (please specify).	8.46%	23
Total Respondents: 272		

Q8 How often would you use the proposed extension of El Mirage Road between Loop 303 and Jomax Road?

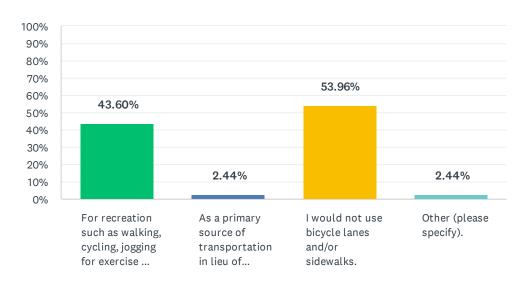

ANSWER CHOICES	RESPONSES
Daily.	57.51% 157
Two or more days a week (weekdays and weekends).	25.64% 70
On weekends only.	0.37% 1
A few times per month.	5.49% 15
As needed.	6.23% 17
I would not use it.	4.76% 13
TOTAL	273

Q9 How, if at all, would you use bicycle lanes and/or sidewalks along El Mirage Road between Loop 303 and Jomax Road?

ANSWER CHOICES	RESPONSES	
For recreation such as walking, cycling, jogging for exercise or fun.	43.60%	143
As a primary source of transportation in lieu of driving a vehicle.	2.44%	8
I would not use bicycle lanes and/or sidewalks.	53.96%	177
Other (please specify).	2.44%	8
Total Respondents: 328		

Q10 Is there anything else you would like to share with the project team about the proposed extension of El Mirage Road between Loop 303 and Jomax Road?

Answered: 198 Skipped: 145

Feb 12 2025 02:51 PM	It depends on traffic.	Multiple Locations

Supplemental Survey Data_Comments

El Mirage Road Extension | Loop 303 to Jomax RoadDesign Concept Report and Environmental Assessment

Is there anything else you would like to share with the project team about the proposed extension of El Mirage Road between Loop 303 and Jomax Road? Skipped 145 *Not in project study area or related to El Mirage Road Design Concepts RESPONSE DATE RESPONSES PRO CON NEUTRAL UNCLEAR RELATED Please build all 6 lanes at one time. Why go back later and add more, build it correctly to begin with There also needs to be another access point to all those homes between the proposed El Mirage and th Mar 23 2025 06:20 PM existing Grand Ave exit. Mar 23 2025 06:02 PM I think it would significantly improve traffic congestion along route 60 at the 303. I do travel frequently on Happy Valley west to my daughter's home, hence my interest in the project. This project would relieve traffic congestion and the left hand turning danger at Happy Valley and Mar 23 2025 09:09 AM Vistancia. Please expedite this project.

Mar 22 2025 03:51 PM Don not build exit on 147. I live off 147 and don't want the traffic Mar 22 2025 02:08 PM If constructed, sufficient barrier walls or sound proofing will need to be built to buffet the noise O -INTERSECTION TREATMENT PLEASE do not put in signals it needs to be a free flow to the 303 with ease of entrance onto the 303 ramps. At least north bound on Jomax needs a merge lane to the 303 interchange with NO signal to Mar 22 2025 09:26 AM keep the flow of vehicles getting to 303. Thank You A 4 way stop or additional stop signs are needed. Car are speeding sound on El Mirage. A stop sign located tracing north at 303 and El Mirage was recently moved. It at least helped exiting 303 to tu TREATMENTS Mar 22 2025 06:57 AM south onto El Mirage. Now with Williams open and trucks the traffic isn't safe. It is needed to alleviate the congestion on Happy Valley Road and Vistancia Blvd and Happy Valley Mar 21 2025 09:32 PM Road and 163rd Ave. l am concerned about added traffic and the ability to exit safely from the back gates of Trilogy onto El Mar 21 2025 0659 PM Mirage and Jomax. Mar 21 2025 04:53 PM I wish there was a303 exit between el mirage & grand AT Mar 21 2025 04:50 PM will there be Access to the Maricopa county trail in that area? With the Williams road bridge traffic now has increased drastically on el mirage to the 303. Communitie like Sunleya should have a stoplight installed since the traffic is already increasingly busy and makes Mar 21 2025 01:58 PM leaving or entering the community dangerous and difficult throughout the day Round-abouts are horrible ideas. If you put in Traffic Lights, make sure they stay in sync with speed limit to next light so you don't end up idling car multiple time between South on El Mirage Rd through Jomax TREATMENTS Mar 21 2025 01:43 PM and staying south to the 303. I am not in favor of anything that encourages future residential development of land north of 303 until Mar 21 2025 01:38 PM, water resources are guaranteed for people who currently live here for 100 or more years. Mar 21 2025 11:44 AM I'd love to see an exit at 147 as well. It would alleviate traffic at 168 and el mirage This would cut at least 15 minutes off my drive time to and from work/into town. Also it should mean less Mar 21 2025 11:13 AM traffic for both the happy valley and vistancia blvd intersection and also the grande and 303 area Please build this as fast as possible. Also add more intersections along the 303 to gain access to the Mar 21 2025 11:06 AM rapidly growing area to the North. Mar 21 2025 10:50 AM No Mar 21 2025 10:42 AM This interchange is needed badly this needs to happen and soon to eliminate all the congestion in the mornings and after work...its Mar 21 2025 10:35 AM ridiculous Do not extend El Mirage rd. We at Corte Bella, are already exposed to additional traffic from the 303. I Mar 21 2025 09:19 AM Find another solution Mar 17 2025 12:20 AM This is a useless, unnecessary project! West Deer Valley Road should also be widened (including the Deer Valley Access Road) from Fire Station #3 in Sun City West, east to the intersection with El Mirage Road. The new traffic from the proposed extension of El Mirage to Jomax Road is going to greatly increase the number of "trips" through Sun City West - a retirement community with drivers of limited skills. As it is now, a great number of drivers who live outside SCW already use this roadway as a backdoor commute from North Peoria to Surprise. This would be a golden opportunity to show the residents of Sun City West and Corte Bella Mar 10 2025 04:00 PM that you have their backs! Mar 10 2025 01:39 PM Jomax road needs to be completed to connect from Vistancia blvd west to dysart I oppose this extension. We st Corte Bella, already have to live with road noise from El Mirage Rd. Now there will be an increased volume of traffic noise. Mar 08 2025 07:47 AM Find another way As traffic continues to grow on Vistancia Happy Valley, bicycle lanes are becoming more important as an ΑT Mar 07 2025 08:44 PM alternate way to travel south in this area Mar 07 2025 03:49 PM I support this project completely lopefully something can be done when the addational signals at El Mirage and 303 go in to mitigate the impact to the residents. After the addations of signals and Corta Bella Dr. and Williams, the amount of noise from a few private vehicles, has become a great issue for peace and home values. Lowering the Mar 07 2025 09:50 AM speed limit wouyld not be an answer as most ignore the limit as it is. I heard that large, noisy trucks would be using this new road, and El Mirage is bad enough. I would NO1 have purchased a home that backs up to El Mirage had I known there would be so many hot rods, big, Mar 07 2025 09:09 AM noisy trucks, etc. traveling on El Mirage. Mar 04 2025 04:33 PM | I eagerly await the proposed extension! What a time saver it will offer! Mar 04 2025 03:49 PM | Tie in Jomax/Dysart to Vistancia Mar 04 2025 03:47 PM Finish Jomax to tie to the existing Jomax West of this project. O - INTERSECTION Mar 04 2025 03:43 PM Traffic lights needed, not stop signs Mar 04 2025 03:41 PM Concerned re impact in adjacent communities. COMMUNITIES (UNSPECIFIED) I am concerned about the amount of traffic using EI Mirage from Happy Valley to the Vistancia/EI Mirage intersection for access to shopping, the schools, and Amcor. Exiting Trilogy at Blue Sky will be a Mar 04 2025 03:29 PM Probably long overdue based on existing conditions and limited means of getting out of our community 5 03:26 PM Do a better job than in Surprise at 303/Grand The left turn from Happy valley onto El Mirage is extra dangerous. A light is a great idea there. T: O - INTERSECTION Will Jomax be extended from El Mirage to Dysart Rd? This would be a great way to ease up with the Mar 04 2025 03:25 PM flow on H.V. We prefer stop lights to round-abouts. Roundabouts can be dangerous if drivers aren't familiar with ther O - INTERSECTION TREATMENTS /This is more of a risk with a retirement community nearby (Trilogy). Roundabouts can be difficult to Mar 04 2025 03:23 PM access when traffic is very heavy. Mar 04 2025 03:09 PM Keep noise down once extension is compl Mar 04 2025 01:24 PM Keep noise down once extension is complete (design for less noise) S (EMERGENCY RESPONSE) This project is so important. In the event of an emergency, it allows emergency vehicles access to so many neighborhoods. And conversly, it allows residents to exit the area in the event of an emergency

Mar 04 2025 01:17 PM	Prefer roundabout at EI Mirage and Jomax to slow traffic.				1		O - INTERSECTION TREATMENTS
Mar 04 2025 01:12 PM	Please Hurry!	1			1		O - INTERSECTION
	Too many traffic lights/roundabouts will defeat the purpose of all loading traffic from Vistancia which is				1		TREATMENTS
	more in Peoria than other neighborhood being serviced by county access west of Coldwater Ranch.						
Mar 04 2025 12:18 PM	Make it flow and sync lights to speed limits for good flow from Vistancia to the 303. It won't help much with the traffic currently using 163rd to access Happy Valley as more housing n is				1		
Mar 03 2025 05:50 PM	being built on the western end of Happy Valley.						
Mar 02 2025 07:02 AM	The traffic light needs to be at El Granada and Happy Valley. Way too many cars driving east from 163rd avenue. Hard to make a left onto Happy Valley from El Granada.			1	1		
	I am not in favor of it. It will Make El Mirage in front of Corte Bella much busier. I feel like Peoria is		1				O - BENEFITS PEORIA BUT
	dumping every thing near us with no benefit to us and Peoria gets the best of everything. The moved the transfer station from Peoria to less than a mile from us. Now the extension ends less than half a mile						IMPACTS COUNTY RESIDENTS
	from our home and it benefits Peoria. We seem to have no representation in unincorporated Marilricopa						
Mar 01 2025 07:06 PM	County and Peotia is in charge of everything.						
Feb 28 2025 12:56 PM	Don't cross the canal into Vistancia its not needed or wanted. There will be too much traffic on the existing El Mirage Rd south of the 303 because of the El Mirage		1		1		T; O - INTERSECTION
	extension. At a minimum, there should be a new traffic light or stop sign just south 303 on El Mirage.						TREATMENTS
	This would be at the location of the recently installed temporary stop sign. Otherwise there will be constant uninterrupted traffic on EI Mirage because of the EI Mirage extension. This will become a very						
Feb 28 2025 12:50 PM	dangerous riad with lots of speeders.						
Feb 27 2025 08:10 PM	I use El Mirage Road south of the 303. I am wondering if lighting will be added to the underpass at the intersection of the 303 and El Mirage Rd. It is very dark after the sun goes down.				1		O - LIGHTING
Feb 27 2023 00.10 FW	intersection of the 500 and El whale Ita. It is very dark after the sun goes down.				1		0 - ACCESS; SAFETY
	I live in Coldwater Retreat, the gated community in Coldwater Ranch. It is very difficult to turn left from El						
	Mirage onto Happy Valley without a traffic light. Also coming from 163rd Ave back to my home, it is extremely dangerous to make a left hand turn onto El Mirage without a left hand lane turn out.						
	Also I feel that our little community needs consideration on exiting our neighborhood because currently						
E-F 07 000E 05:46 DM	we have only 2 exits and one is also the entrance. The exit on Desert Lane needs to be able to turn left						
Feb 27 2025 05:46 PM	to Happy Valley As resident of coldwater retreat it would cause daily excess unwanted traffic and continuous danger and		1				Т
	safety concerns. Happy valley turning into vistancia road is sufficient enough for traffic to and from the						
	Vistancia area. The congestion of traffic turning left onto happy valley and Vistancia intersection is the main cause of congestion and would benefit from multiple left hand turn lanes. If any developmental						
Feb 27 2025 05:04 PM	money is to be spent it should be spent on that intersection.						
F-L 07 2005 04.42 DM	El Mirage Road exit to Tether trl would need a right turning lane as the gate to the neighborhood would				1		O - ACCESS AT TETHER TRAIL
Feb 27 2025 04:13 PM	potentially cause a back up on El Mirage. Need to open Jomax from dysart to the 303 (new road). Traffic has become insane also Semis are				1	1	
	using all roads. The speed limit along Dysart should be reduced to 35 mph. Also a Camara needs to get						
Feb 27 2025 03:44 PM Feb 27 2025 02:56 PM	installed for those who refuse to obey the limits. I am good with Happy Valley to 303. Not sure if I agree with Happy Valley to Jomax.				1		
Feb 27 2023 02.30 FW	Obviously this is going to happen, please keep the speed limit low. Moved into neighborhood with the			1	'		T; RC
Feb 27 2025 12:52 PM	understanding el mirage would not be a busy road.						
					1		O - ACCESS FOR COLDWATER RANCH; LANDSCAPING IN
							MEDIAN
	I own a home in Coldwater Retreat (the gated portion of Coldwater Ranch) on W Desert Sun Ln, and I wanted to share some concerns regarding the potential traffic flow changes in our community.						
	If the "Exit Only" gate on W Desert Sun Ln is modified to a right turn only (RTO) due to a new median, I strongly urge you to include a U-turn cutout shortly thereafter to allow residents to safely turn around and						
	head south on El Mirage Rd. The main entrance and exit on Tether Trl is already extremely busy, and						
	making W Desert Sun Ln an RTO without a turnaround option would essentially funnel all traffic through						
	that one exit—creating even more congestion. Given that there is a park at the community entrance on Tether Trl, increased traffic in that area raises significant safety concerns for park patrons including						
	children.						
	Additionally, I'd like to emphasize the importance of landscaping the median as part of the initial						
	improvements, rather than waiting until the eventual expansion to six lanes (which could take decades).						
	The median on Happy Valley Rd is a clear example of how unlandscaped areas can make the community look incomplete and neglected, even after development has occurred on both sides. I						
	understand that county design guidelines are less strict than city standards, but it would be great to see						
	this area maintained at a higher level to reflect the quality of the surrounding communities.						
	I appreciate your time and consideration in keeping Coldwater Retreat a well-planned and attractive						
	neighborhood.						
Feb 27 2025 12:49 PM	Thank you,

	weekday and is incredibly dangerous.	-				'
Feb 24 2025 05:49 PM	Build it! Yay Highly recommend including multiple traffic lanes to reduce traffic congestion.	1	1			
Feb 24 2025 05:04 PM	Highly recommend including multiple traffic lanes to reduce traffic congestion.		1			T
Feb 24 2025 02:47 PM	Please add a second right turn lane onto Vistancia/Happy Valley when heading east on Happy valley.					
Feb 24 2025 10:10 AM	This is a necessity. There has been an incredible amount of growth in this area and surrounding. This should be a no brainer, yes to proposed El Mirage Rd improvements.	1				T
Feb 24 2025 10:10 AM	Please add appropriate road congestion containment methods like stops signs or traffic lights or		1			O - INTERSECTION
Feb 24 2025 08:42 AM	roundabouts.					TREATMENTS
Feb 24 2025 06:38 AM	We need this for the safely of our neighborhood. There is way too much traffic and speeding. People need a way out and flying down Happy Valley is not the answer. It makes it dangerous and sometimes impossible to get out of the neighborhood and go left from Ranch Cabrillo housing. The right hand turn lane onto Vistancia blvd off of Happy Valley is crazy too. So many cutting the line. Makes for a very chaotic driving experience especially for newer drivers like my teen age driver. This needs to happen sooner than later.	1				S, T
	DO THIS NOW!!!! Make it happen.	1				
	None: more accessibility the area would be awesome.	1				
Feb 23 2025 09:14 AM	When the state and city added the Jomax Exit/Entrance the soil that was displaced was dumped in mounds on the south side of Vistancia Blvd. The natural desert and plants were coveted over. It's been a growing eyesore ever since. Civic Engineering plans should include a way to relocate and clear out the extra soil. Or put it under the freeway. Something better than what they've done. We see the gravel and dirt puts left when they built the schools on Deer Valley parkway. Most cities would not allow this. Clean up the mess please.			1	1	
Feb 23 2025 08:23 AM	Just make it as simple as possible to flow it to the 303.	1				Т
=	W. L. P. J. Market Co. Co. The State of the Little Co.	1				T
Feb 23 2025 06:41 AM	We've lived in Vistancia since 2007. This is long overdue and should proceed as quickly as possible. Desperately needed, Happy Valley is way too congested and becoming more dangerous, alternative	1				T
Feb 22 2025 11:38 PM	roads are needed ASAP.					
Feb 22 2025 04:49 PM Feb 22 2025 03:07 PM	This is causing a lot of traffic for the HOA of Sunleya (the first develop off the 303 and El mirage). El mirage is the only exit for this community and it takes sometimes upwards of 15 mins to try to get out of the community due to the increase of traffic. I think the City and planners have to consider putting a traffic light there so residences can safely get out. Thank you. This would be life changing for us!	1		1		T; O - INTERSECTION TREATMENTS

Would you not serve the people better by making Grand/60 easy to navigate? Poor people who use Grand/60 pay taxes too. Why spend money on a project only a few can use, when you have real issues with other highways. Seems like bad planning or just biased against people who utilize Grand/60 to get to and from for work. I see accidents weekly if not multiple times a week. There are too many homes and people now living in the area. There needs to be several ways to get home. My commute has gained 30 minutes and more each way in the past 5 years. Please hurry, yesterday there was 2 accidents on my way home using the grand exit. It's getting very dangerous for residents in the area! It seems like it would help more people if the road were coming further west from the existing 303 entrance/exit pu Northwest to some point between happy Valley Boulevard closer to 163rd. To put it in a mere 1.5 or so miles from Happy Valley blue where there already is a convenient interchange doesn't seen like it would help the most people. Thank you for asking. Adding additional lights with this project may help ease some of traffic issues that are currently ongoing. The neighborhood of Rancho Cabrillo is having a severe issue with drivers turning east out of the neighborhood on weekday mornings, resulting in many accidents. It would make more sense to take El Mirage north of the 303 to Dysart. Shorter distance and better serves those of us along Happy Valley between Vistancia & 165th. The savings could be used to extend El Mirage north of Happy Valley between Vistancia & 165th. The savings could be used to extend El Mirage north of Happy Valley to El Mirage, instead of stopping at Jomax. It would be a benefit for all businesses and homes in the area. It would also significantly reduce traffic congestion when they keep adding homes and homes in the area. It would alleviate heavy traffic associated with quick growth in the areas between Jomax and grand Please extend it to Vistancia Blvd. I would then use this frequently to go south to El Mirage & Bell Rd. People just need more options besides 163rd and happy valley to access the 303 to reduce traffic. Another option with El mirage along with jomax connecting between the 303 and 163rd would give plenty of options to relieve traffic on what seems like only 2 arteries to get anywhere if you live in the northwest	1 1		1	1	T T
Feb 20 2025 09:57 AM Feb 20 2025 07:27 PM Feb 20 2025 10:23 AM Feb 20 2025 09:18 AM Feb 20 2025 05:02 AM	growth. The whole area needs more roads the new construction is our of control and traffic is so congested There would need to be an another connection from el mirage to happy valley that ties in closer to the 163rd. The connection proposed would not help alleviate enough traffic from grand/163rd. More access would elevate traffic during morning and evening travel hours. Would hope it would also help with the speeding and amount of accidents on happy valley because of impatient reckless drivers. On the verge of selling my house because of it. It would alleviate heavy traffic associated with quick growth in the areas between Jomax and grand Please extend it to Vistancia Blvd. I would then use this frequently to go south to El Mirage & Bell Rd. People just need more options besides 163rd and happy valley to access the 303 to reduce traffic. Another option with El mirage along with jomax connecting between the 303 and 163rd would give plenty of options to relieve traffic on what seems like only 2 arteries to get anywhere if you live in the northwest comer of the valley	1 1 1 1 1		1	1	T T T T; O - ACCESS

It would alleviate heavy traffic associated with quick growth in the areas between Jomax and grand Please extend it to Vistancia Blvd. I would then use this frequently to go south to El Mirage & Bell Rd. People just need more options besides 163rd and happy valley to access the 30to treduce traffic. Another option with El mirage along with jomax connecting between the 303 and 163rd would give plenty of options to relieve traffic on what seems like only 2 arteries to get anywhere if you live in the northwest corner of the valley I currently access the 303 loop to and from the 60 (grand). This area is often backed up and over	1 1		1	1	T T

	If it's a go please account for timing of lights. Many poorly timed lights along happy valley from el mirage			1		1	O - INTERSECTION
	to 67th which is my commute.						TREATMENTS
eb 19 2025 04:53 AM	Glad they are finally making another way of your us residence that live out here An exit at 147th would make more sense. Oh wait, you want to build more houses first then you'll maybe	1			1		
	think about infrastructure. Seriously though, I think the residents out here will take whatever lifeline you						
eb 18 2025 09:16 PM	all throw at us.						
	It is needed to relieve congestion at Vistancia and Happy Valley	1					T
	Looking forward to it!	1					
	This is an amazing idea! So badly needed! It would also be great for Jomax to connect all the way to Grand.	1					
					1		O - INTERSECTION
eb 18 2025 06:47 PM	Please don't put a stupid light every 1/8th of a mile. Thank you						TREATMENTS
Feb 18 2025 06:30 PM	Adding this access as on option for a strained Happy Valley and 163rd ave would be beneficial to the	1					Т
-eu 16 2023 00.30 FW	How about a round about on the south side of McMicken for access to Dysart? That would cut traffic				1		O - INTERSECTION
eb 18 2025 05:55 PM	further east and help traffic farther west.						TREATMENTS, ACCESS
	This area desperately needs additional ingress/egress routes. This project would increase public safety	1					S; T
eb 18 2025 11:46 AM	and relieve some of the extreme congestion on surrounding routes.	4					
ah 18 2025 08:51 AM	I think this is a much needed exit point from Loop 303 to decrease the congestion on the Happy Valley and Grand exit points from the 303.	1					Т
eb 10 2023 00.31 AW	The congestion due to the current lack of roads and the growing number of homes in this area is	1					T
eb 18 2025 08:17 AM	becoming dangerous. This would alleviate a lot of it.						
	BUILD IT SOONER THATN LATER	1					
	This proposed extension would relieve some congestion around 303 exit and Grand Ave. Finish connecting Jomax Road at the southern border of Vistancia.	1			4		Т
eb 18 2025 06:24 AM	It is greatly needed as an additional access out of the area in case of fire. I have lived in the area for 15	1			'		Т
eb 18 2025 06:03 AM	years and the lack of access out and the back up of traffic is a nightmare.						•
	Much needed with residential development exploding. Might want to consider putting a rush on this	1					
eb 18 2025 03:23 AM							7.0
ab 17 2025 40-46 DM	Traffic is terrible. It's imperative this access is completed soon. 163rd and Happy Valley are the only	1					T;S
	access to 303. This is not safe for residents. This would help the traffic in our area so much, this is for sure needed	1					T
	Curent traffic patterns are dangerous and excessive.				1		
eb 17 2025 07:54 PM	Please do it	1					
	If adding a light at Happy Valley and El Mirage, consider a dedicated right turn lane going from				1		O - INTERSECTION
	Eastbound Happy Valley onto Southbound El Mirage. This will allow traffic on Happy Valley to continue						TREATMENTS
	to flow and reduce backups with people turning South. It would GREATLY help the MASSIVE in flow of people to the area	1					
	This would be an AMAZING addition to our community	1					
eb 17 2025 05:32 PM	This would be super helpful and create another outlet for traffic and people traveling south.	1					Ţ
	It should have been done years ago.	1					
Feb 16 2025 05:28 PM	I would prefer it was not done at all.	1	1				-
eb 16 2025 04:02 PM	As someone that lives in coldwater ranch this would be a huge help to alleviate the traffic on happy	1					Į.
	It would ease congestion on Grand and Happy Valley exits at rush hour	1					T
eb 15 2025 01:15 PM			1				
	Would be a great time saver for travel south on 303. Would also take pressure off Jomax and Happy	1					T
eb 15 2025 06:33 AM							-
-eb 14 2025 01:51 PM	There is no need for this extension- will just bring MORE traffic to the area. This extention is LONG PAST DUE. Development needs to be paused until this and other road	1	1				ı
eb 14 2025 11:57 AM	improvements are completed.						
	Please make this happen! It can only benefit!	1					
eb 14 2025 06:24 AM	concern about traffic noise and congestion on El Mirage between Vistancia and Jomax				1		N, T
	DO NOT ALLOW TRUCKS/VEHICLES to park under the 303 - it blocks traffic and impairs visibility to				1	1	
-eb 13 2025 04:40 PM	those on the off ramp heading west. Please make this happen!!!ii	1					Т
	Traffic in the mornings and afternoons is horrible!!!u						
	You can be backed up almost a mile in the moming on Happy Valley, trying to get on to Vistancia to get						
eb 13 2025 04:17 PM	to the 303						
	Discount of the second of the	1					Т
ah 13 2025 11-12 AM	Please complete this new connect as soon as possible. Both exits are extremely overloaded. An accident near either cause extreme congestion on Happy Valley Road and all surface streets north of the 303.						
00 10 2020 11.12 AW	nous states extreme congestion on mappy valiey read and an surface streets north of the 303.				1		
eb 13 2025 08:12 AM	If you can consider connecting Jomax road west so that it goes all the way through would be helpful						
	I ride 3-4 times a week with a Vistancia bike club. The routes out of Vistancia are getting more	1					AT
	congested and dangerous for bike traffic, particularly 115th. We need safer bike lines to get from						
eb 13 2025 06:02 AM	Vistancia to other locations in the west valley.				1		O - ACCESS, INTERSECTION
	This extension is going to cause major issues for homeowners in the area trying to exit there neighborhoods. Will traffic lights be added where neighborhood streets currently intersect with El Mirage				'		TREATMENTS; RC; N
	and Jomax? Will the existing sections of El Mirage be widened to deal with additional traffic. Will noise						-, -, -
eb 12 2025 05:35 PM	issues be addressed for neighborhoods that are adjacent?						
	This would help alleviate traffic and the intersection of happy Valley Rd substantially and allow a better	1					T
- L 40 000F 00.00 DM	flow for traffic with less risk of a traffic collision.				4
